The New Mobility Economy as if Accessibility Were the Goal: Policy Implications

Jonathan Levine
Promote Sustainability: *Meet needs of present without compromising ability of future generations to meet their needs*

- Reduce (fulfillment of) needs
- Reduce impact of need fulfillment
- Redefine needs

**Mitigation**

**Innovation**
Mobility

- Transportation Capacity Expansion
- Land-Use Planning
- Travel Demand Management
Accessibility

Mobility

Proximity

Connectivity

ENDS

MEANS
Daily Vehicle Miles Traveled per Capita by U.S. Metropolitan Area, 2002
Accessibility by Population Percentile, Baltimore and Phoenix (Year 2000)
Accessibility and New Mobility
Accessibility and Public Policy
The railroads collapsed because they thought they were in the railroad business, when really they were in the transportation business.
